Jennifer:

Based on discussions with the CPG, the meeting is probably best held in November after the CPG has an adequate opportunity to review the Region's comments on the two remaining FS Technical Memoranda. The CPG representatives have commitments on November 2 and 8.

Thank you.

Rob,

As a follow up to the letter EPA attorney Frances Zizila sent Bill Hyatt on July 20th regarding a meeting on the path forward for the LPRSA RI/FS, EPA would like to suggest some meeting dates. As I mentioned last week, we can be available to meet the first week of October (3rd, 4th, or 5th) or sometime in early November. EPA would host the meeting in our NYC office. I anticipate that the attendees on our behalf will include myself, Michael Sivak, Frances Zizila and Sarah Flanagan.

Also, we are on track to get the CPG comments on the Draft Remedial Alternatives Screening Technical Memorandum and the Draft Remedial Alternatives Evaluation Technical Memorandum before the end of September.

Thanks,  
Jennifer LaPoma
